

Bert De Waele

Principal Consultant

Profession	Geologist
Education	PhD (Geology), Curtin University of Technology, Perth, 2005 MSc and BSc (Geology), University of Ghent, Belgium, 1989-92
Registrations/ Affiliations	RPGeo (AIG), Regional Geology, Mineral Exploration Fellow (AusIMM) University Associate, Curtin University, Perth, Australia
Awards	PhD thesis: Best Thesis awarded by Curtin University PhD thesis: Lucien Cahen Prize of the Royal Academy of Sciences, Belgium

Specialisation	Structural mapping (regional and prospect); mineral exploration; geophysics and remote sensing interpretation; paperless mapping; project review; research in geochronology, global tectonics and palaeogeographic reconstruction
-----------------------	---

Expertise	<p>Bert De Waele has over 23 years of structural mapping experience, mostly in African Precambrian terranes. In addition, he has consulted on base metal and gold prospects, setting up and running exploration programmes or interpreting regional geochemical data. With SRK, Bert has conducted Independent Technical Assessments on various mineral assets including gold, porphyry copper, iron ore, manganese, diamond, mineral sands, phosphate, rare earths, niobium-tantalum, tin, evaporite and uranium. He also developed both expert and data-driven exploration targeting systems for gold and iron exploration projects. Bert's regional mapping experience includes mapping 1:100,000 and 1:250,000 products in Zambia, Mauritania, Madagascar and Papua New Guinea, and prospect or tenement-scale mapping in Australia, Gabon, Ghana, Guinea, Indonesia, Ivory Coast, Lao PDR, Liberia, Malaysia, Mauritania, Morocco, Philippines, Republic of Congo, Sierra Leone and Western Sahara. His research interests focus on regional geology and tectonics, by integrating field and laboratory work, including U-Pb microprobe geochronology, isotope (^{147}Sm-^{144}Nd and ^{87}Rb-^{86}Sr) and whole-rock geochemistry and Geographic Information Systems. Bert has a strong commitment to transfer of knowledge, holding an Associate posting at Curtin University, Perth, Western Australia. Bert has taught structural geology, computing in geoscience (GIS - Remote Sensing and DPA (Geosoft)) and supervised field classes, mapping projects and theses (BSc, MSc and PhD) both in French-speaking and English-speaking environments. Much of his work has included on-the-job training of sampling teams and mapping geologists.</p>
------------------	--

Employment

2008 – Present	SRK Consulting (Australasia), Principal Consultant (Geology), Perth
2006 – 2008	The British Geological Survey, Senior Geologist, UK
2004 – 2006	The University of Western Australia, Research Scientist, Perth
2000 – 2004	Curtin University of Technology, PhD researcher, Perth
2000	The University of Ghent, Research Fellow (Digital Mapping and GIS), Belgium
1995 – 2000	The University of Zambia / Ghent, Project Manager, Lecturer, Researcher, Zambia
1995	Caledonia Mining, Chief Exploration Geologist, Zambia
1992 – 1995	Geological Survey of Zambia, Mapping Geologist, Zambia

Languages	Dutch, English and French
------------------	---------------------------

Bert De Waele

Principal Consultant

Publications

Total number of Peer-Reviewed full articles	: 55
Total number of published (extended) abstract	: 99
Total number of 1:100,000 map sheets	: 12
Total number of citations	: 3,146
Number of publications with at least ten citations	: 42
h-index for the publications	: 26

99. Mapani, B, Tembo, F and De Waele, B, 1996. Mid-crustal shearing and the development of migmatites in the Kariba-Siavonga area, southern Zambia, in Field Meeting IGCP 363 - Palaeoproterozoic of Sub-Equatorial Africa (eds: F Kamona, F Tembo and B S E Mapani) (Geological Society of Zambia: Lusaka).

Bert De Waele

Principal Consultant

Key experience: Geological and Structural Mapping

Bert's main experience is in structural geological mapping at regional and prospect scales, coupled with organisation and running of regional geochemical sampling programmes and the accompanying delineation of potential targets for detailed follow-up work. Bert is an accomplished trainer, both in formal to practical courses or in on-the-job training. His training programmes have included GIS, data analysis and processing (geochemical and geophysical data sets), practical mapping and sampling methodologies.

Bert is also an accomplished research scientist, with broad interests ranging from regional / global tectonics to detailed geochronological field studies. Bert has been involved in mapping of a total of 12 quarter degree sheets (1:100,000 scale) in Zambia, Madagascar and Papua New Guinea.

Recent (project) mapping experience includes:

- Genmin Limited, Gabon, 2015-2017: Reconnaissance and prospect mapping of multi-commodity projects, mainly iron ore (~4,000 km²)
- Phil Alstrom and Asia Alstrom Mining, Mindanao, Philippines 2015: Structural mapping of the Mountain Range Copper-Gold skarn and epithermal projects (~30 km²)
- Cape Lambert, Ivory Coast, 2014: Structural mapping of the Bouake, Katiola and Boundiali licenses (gold, ~200 km²)
- Belle Resources, Ghana and Liberia, 2014: Structural mapping and review of alluvial gold and mesothermal gold projects (~100 km²)
- SLJ Global, Sulawesi, Indonesia, 2014: Structural mapping of several REE licenses (135 km²)
- Minera Interpacific Ltd, Arequipa Province, Peru, 2013: Detailed structural mapping and chip and alteration sampling of eight tenements (52 km²)
- Sand Hill Minerals Company Limited, Sierra Leone, 2013: Detailed structural mapping and stream sediment sampling of the EL44/2012 Exploration License (210 km²)
- Asia Minerals Corp., Timor, 2013: Mapping of manganese mineralisation (60 km²)
- Belle Resources Ltd, Liberia, 2012: Detailed prospect mapping of the Bopolu and KPO Range Project; focus on gold, iron ore and other commodities (200 km²)
- Samling Strategic Corporation, Liberia, 2012: Structural mapping of the Bopolu and KPO Range area; gold (500 km²)
- Equatorial Resources Ltd, Republic of Congo, 2012: Prospect mapping of the Mayoko target; iron ore (BIF, 60 km²)
- Samling Strategic Corporation, Liberia, 2011: Mapping of the KPO Range/ Bopolu area; iron ore, gold (200 km²)
- Equatorial Resources Ltd, Congo, 2011: Detailed prospect mapping of the Badondo and Belinga North targets; iron ore (BIF), gold and diamond, 200 km²)
- Metal Exploration Limited, Sierra Leone, 2011: Mapping of the Rokel Iron Project, iron ore (2,500 km²)
- Pinnacle Group Assets Limited, Guinea, 2010: Detailed prospect mapping of the Sandenia and Sandenia East targets (100 km²)
- West African Iron Ore, Guinea, 2011: Mapping of the K erouan e Project (500 km²), iron ore, diamond and gold)
- Bumi Mauritania SAS, 2011: Detailed prospect mapping of the Otoy iron ore project, Mauritania (200 km²)
- Pinnacle Group Assets Limited, Guinea, 2010: Mapping of the Sandenia Project; iron ore (800 km²)
- Sky Alliance Resources Ltd, Guinea, 2010: Mapping of the Kalyadi area; iron ore (500 km²)
- Sunny Power Holdings Limited, West Timor, 2010: Mapping and exploration targeting ; manganese (400 km²)
- Marampa Iron Ore Limited, Sierra Leone, 2010: Structural mapping of the Kukuna area, iron ore (700 km²)
- SARI, Guinea, 2010: Independent Technical Assessment and geological mapping, For ecariah, gold, iron ore, diamond and mineral sands (1,400 km²)
- St Barbara Mines Ltd, Leonora, Western Australia, 2010: Detailed structural analysis of drill core at the Tower Hill deposit; gold

Bert De Waele

Principal Consultant

- Ferromet Ltd, 2009: Detailed mapping for iron ore exploration over tenement in southern Lao People's Democratic Republic; iron ore (1,200 km²)
- Marampa Iron Ore Ltd, Lunsar, Sierra Leone, 2009: Detailed mapping of the Marampa tenement; iron ore(1,400 km²)
- Cape Lambert Iron Ore, Karratha, Western Australia, 2008: Detailed mapping of the Cape Lambert South tenement, iron ore (1,200 km²)
- The British Geological Survey, 2008: Mapping work in the Jimi Sheet, Western Highlands of Papua New Guinea
- The British Geological Survey, 2006-2008: Mapping work on the central and northern zones of Madagascar; (World Bank contract number 175/05 – MEM/SG/DG/UCP/PGRM) – 16 x 100K map sheets
- Curtin University, Perth, 2000-2004: PhD research included extensive mapping work in the Irumide Belt and Bangweulu Block of Zambia, and assistance with mapping classes in the Yilgarn Craton, Albany-Fraser Belt and the Carnarvon Basin in Western Australia
- Caledonia Mining Ltd, 1995: Exploration management in the Nama prospect area (Cu-Co) – mapping, sampling, trenching / pitting and drilling
- Geological Survey Department of Zambia, 1992-1995: Geologist in charge of regional mapping of Mupamadzi River area (QDS 1231 SW) and assistance with mapping 1124SW (West-Lunga area) and 1625SE (Sichifulo River area)
- Data processing and GIS work on geophysical data over the Kagem emerald mine, Ndola, Zambia. (Zambian Privatisation Agency ZPA): Geophysical interpretation and GIS integration of ground magnetic, radiometric, resistivity and seismic data for Kagem Emerald Mine
- Digital processing and digital data processing, Geological Survey Department - British Geological Survey ERIPTA Project: Analysis of geochemical data on Mwinilunga and Kalene Hill sheets, northwestern Zambia.

Key Experience: Exploration Targeting

- Century Iron, 2014: Review of prospectivity for iron ore in Western Australia
- Aditya Birla Ltd, Nifty Project, Australia, 2013: Exploration targeting (base metals)
- Endeavour Mining Ltd, Nzema Gold Project, Ghana, 2013: Exploration targeting
- Project management, KPO Range/Bopolu Project, Liberia: Regional mapping, soil sampling, stream sediment sampling
- Belle Resources, Liberia, 2012: Drill planning at the Gayama gold prospect
- Equatorial Resources, Congo, 2012: Drill planning at the Badondo and Belinga targets
- Bumi Mauritania SAS, 2011: Drill planning for the Otoy and S'Fariat Projects, Mauritania
- West African Iron Ore, Guinea, 2010: Drill planning for the Kalyadi Project
- Golden Rim, Mali, 2009: Geophysical data interpretation and gold targeting
- Confidential client, Pilbara, Western Australia: Weights of Evidence targeting work; manganese
- Northcore Investments, 2009: Regional targeting study for base metals in the Central African Copperbelt, using a range of geophysical and geological datasets including VTEM and airborne magnetic/radiometric data (two projects)
- Harmony Gold, 2009: Regional targeting exercise for gold prospectivity in the greenstone belt of the Murchison Province, Western Australia
- International Mining Consultant, 2006: S'fariates-Ouassat gold exploration programme, Mauritania; processing and interpretation of geochemical data, and training of personnel at the Office Mauritanien de Recherches Géologiques.

Bert De Waele

Principal Consultant

Key Experience: Project Review / Valuations

- Tembo Capital and Genmin Limited, 2016-2017: Asset Valuation and Independent Geological Report for Genmin's assets in Gabon.
- Guinea Government / DLA Piper, 2015: Technical Review of Simandou, Blocks A and B
- Genmin Group, Gabon, 2015: Independent Geological Assessment and Valuation of iron ore properties
- Nordgold, Lefa Gold Project, northern Guinea, 2014: Review of exploration data (regional and near-mine) and development of an exploration plan and staff requirements
- Phil Alstron Mining Ltd, Philippines, 2014: Site visit and review of a skarn copper-gold project
- Summit Equities; Kimberly Diamonds Limited, 2014: Review of geology and exploration targeting of an alluvial diamond property
- DTN Resources, Terengganu, Malaysia, 2013: Site visit and review of a magnetite iron project
- Standard Chartered Bank, Bukit Besi, Malaysia, 2013: Site visit and review of the iron deposit
- General Nice Group, South Africa, 2012: Site visit and review of the Buchansvale manganese project in the West-Wits field
- West African Iron ore, Guinea, 2012: Competent Person for NI 43-101 Report on the Kérouané Project
- Transcontinental Group, Mauritania, 2012: Site visit and assessment of the Bou Naga REE Project
- Mincor, West Africa, 2012: Review of iron and gold prospectivity in Nigeria, Ghana, Burkina Faso, Mali, Sierra Leone, Guinea and Senegal
- Aquia Resources, Brazil, 2011: Expert Valuation of potassium and phosphate projects
- Confidential client: Global review of REE projects
- West African Iron Ore, Guinea, 2010: Competent Person, NI 43-101 Report on the Forécariah Project
- Confidential client: Site visit to a base metal tenement in the Mount Isa Inlier, Queensland (NI 43-101 compliant Report)
- Confidential client: Compilation of prospectus on an iron ore project in south west India for inclusion in ASX listing document
- Confidential client: Review of three deposits in Morocco including a vein-hosted gold prospect, a sedimentary iron prospect and a carbonatite complex.

Key Experience: Training

- In-house course on structural geology for Focus Minerals (1-day)
- SRK Structural Geology course (attendance by geologists from FMG, Rio Tinto and junior explorers; 2-day course)
- Onsite mapping training to Nordgold geologists, Guinea
- Onsite mapping training of Belle Geologists, Ghana, Liberia
- Onsite mapping training at the Forécariah Project, Guinea
- Onsite mapping training, Bumi Mauritania SAS
- Onsite tutoring of company geologists in structural mapping (Eastern Goldfields)
- Training in GIS and Digital Mapping Technologies (internal and for various clients).
